B BECAUSE YOUR MISSION IS **CLEAR**.
INTUBLADE.COM

IT'S TIME TO TRANSFORM INTUBATION

THE ONLY LENS-CLEARING HIGH-RESOLUTION VIDEO LARYNGOSCOPE

- ✓ **LENS-CLEARING TECHNOLOGY**
- ✓ **SMART DEVICE APP VIA USB-C CONNECTION**
- ✓ **HIGH-RESOLUTION IMAGING**
- ✓ **SINGLE-USE DISPOSABLE BLADES**
- ✓ **RUGGED DURABILITY**

BECAUSE YOUR MISSION IS

CLEAR.

There's a moment—every responder has felt it—when things become crystal clear. **It's the moment you realize why you do what you do.**

At IntuBlade, our mission is to support your mission—so that when that moment comes, you're ready.

PRECISION. RELIABILITY. INNOVATION.

THE FUTURE OF AIRWAY MANAGEMENT

OUR MISSION

We build life-saving tools for those on the front lines. Every second counts, so we create airway solutions that are reliable, and built for speed—keeping you focused on saving lives.

This isn't just a job—it's personal. Our founder, Dr. Napier, M.D., FAAEM, a Purple Heart veteran, knows what it's like to face those critical moments when clarity means everything.

PRECISION

✓ LENS-CLEARING TECHNOLOGY

The ONLY scope with a built-in spray to maintain clear vision, so nothing gets in the way when seconds count.

✓ HIGH-RESOLUTION IMAGING

Crystal-clear visuals when precision matters most.

RELIABILITY

✓ RUGGED DURABILITY

Engineered to withstand tough emergency scenarios.

✓ STANDARD GEOMETRY

Works with any technique—no need for fancy tools or special stylets.

SAFETY

✓ NO BATTERY REQUIRED

Powered by your device—no batteries, no extra weight, just reliable performance and always ready when you are.

✓ DISPOSABLE BLADES

- Built for safety—one use, no cross-contamination.
- Multiple size options. Made tough for smooth, reliable intubations every time.

SMART DEVICE CONNECTIVITY

Connect the laryngoscope to your smart device via USB-C to stream live video, with the app enhancing visibility through automatic lighting correction for optimal clarity.

When seconds matter, FAILURE ISN'T AN OPTION.

Our technology is battle-tested to perform in the toughest situations—so you'll always have the right tool when it counts.
